Dear Mr.Scott Nelson,

For the attached letter from EPA,

Even though we got Export Permit from US EPA,

We, Recycle world Inc., have not exported SLABs even 1pound from 2011 till now and we do not have any plan to export SLABs from now on.

About 1~2years ago,

We have asked Ms.Laura L. Coughlan(Coughlan.Laura@epamail.epa.gov) if we have to do Annual report even though we have not exported

And Laura told us we need not.

Anyway, sorry for our late notice.

Thanks and Best regards

Vincent/Recycler from Korea
